CONNECT

HDMI to USB Converter for 4K Video/Audio Capture

Works with any HDMI device
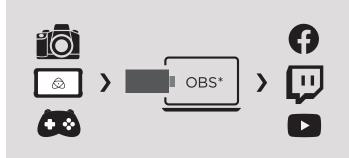

HDMI INPUT

4Kp30

USB OUTPUT

HD1080p60

OBS*

Connect, Convert, Stream

Atomos Connect, our HDMI to USB converter that allows you to take 4K (up to 30p), HD (up to 60p) or 720p (up to 60p) sources and output the same resolution and frame rate up to a maximum of 1080p60 ready for connection to the USB input on a computer and out to your choice of streaming platform.

Simple operation

Simply connect the HDMI output of your favorite camera, console or Atomos monitor recorder and you're ready to go LIVE! The Connect 4K automatically converts your input to the widely supported USB Video Class (UVC) standard.

Universally supported

Supported by any CDN/Social platform that supports UVC: Skype, MS Teams, Zoom, Twitch, Youtube & many more.

Requirements:

*To successfully connect, your computer requires application including OBS, StreamLabs OBS, Wirecast or X-Split for enhanced streaming.

Package includes:

· 1 x Atomos Connect HDMI to USB Converter
· 1 x User manual

Price

US$79 ex. tax
